

O - CULINAR

INGREDIENTS

- map
- menu
- recipes
- vendors

That's all you need to participate in the most challenging orienteering competition you've ever taken part in.

After the initial briefing, with the needed tools, you start looking for the ingredients in locations indicated on the map.

At the Finish Arena you will reach the well-equipped kitchen and prepare the recipes to create the menu, assisted by professional cooks.

SUSTAINABILITY driven

- maps: online
- menu: opened via mobile application
- recipes: via QR codes
- vendors: marked on the map with local products

The project

- involve wide range of people: from young to elderly people
- new teaching methods: using app for navigation
- create intercultural skills and mindsets of participants
- would lead to better motivation of educated navigation
- shows the sustainability effects
- support social inclusion and healthy lifestyle
- expansion into new fields: sports related to tourism products
